

Your home inspection is our
opportunity to shine.

We are committed to raising the standards of your home inspection.
That's why we offer **FREE RecallCheks** for your home appliances with every inspection we do.

RecallChek is the first service for consumer recalls in the United States and has compiled over 205 million recalls from public records, to create a fail-safe system to check for dangerous flaws with home appliances.

If a manufacturer designs a dangerous product, they **MUST** recall that item and fix it free of charge! RecallChek will provide the information to resolve any potential recall issues promptly.

How it works:

- ✓ Your home inspector records the model numbers of your built-in home appliances and HVAC systems.
- ✓ The Model Number Algorithm (MNA) matches your appliances against the RecallChek database of recalled items.
- ✓ RecallChek issues a report, separate from the home inspection report. This report is emailed directly to you.
- ✓ Included as a lifetime service with your purchase of RecallChek (or provided free on inspections done by your Inspection company) is our monthly email newsletter, RecallTrak. This newsletter notifies the homeowner of any new recalls on your appliances, and offers our helpful Monthly Maintenance Minute updates.
